WHO WE ARE

Proclean provides high-quality cleaning solutions that meet the evolving needs of customers across the MENA region.

Our commitment to innovation and customer satisfaction has positioned us as a leader in the market.

Whether you are looking for household cleaners, industrial solutions, or environmentally friendly products, Proclean is the right supplier for you—offering reliability and top performance.

Signature

Paul Nabhane

OUR SERVICES AND FACILITIES

Proclean helps you make the right decisions to achieve cleaner, healthier buildings while staying within budgetary constraints.

1. Cleaning Guidelines:

From day one, we provide comprehensive training on all our products, cleaning methods, cost-control practices, and disinfection policies.

2. Monthly Report:

Our quality control team issues a full inspection report covering cleaning performance and product usage. These reports also support effective cost management.

3. Comprehensive Dilution Control:

At Proclean, we understand the demands of professional cleaning. That's why we developed our dilution control system—a range of numbered and color-coded cleaning formulas dispensed through various systems to help you deliver the results your stakeholders expect.

House Keeping

Housekeeping is a crucial responsibility, and choosing the right products can significantly enhance the customer experience. Implementing a color-coding system for cleaning products is a strategic approach that ensures proper product usage, minimizes the risk of cross-contamination, and improves operational efficiency. It also simplifies training for new staff and helps maintain consistent cleaning standards.

House Keeping

H1 SNC

SPECTRO NEUTRAL CLEANER is specially formulated to keep your marble surfaces clean and free from harmful germs.

Its unique marble-safe formula not only cleans and disinfects effectively but also helps preserve the natural beauty and luster of your marble surfaces.
